LE FERRE

THE COMPANY

Le Ferre is an apulian company leader in the production, packaging and marketing of extra virgin olive oils in Italy and worldwide. Dynamism, productive and sensory research, elasticity in process management, characterize our daily work around the product and the customers.

HISTORY

LE FERRE is the name of a district in the countryside of Castellaneta (Taranto, PUGLIA). A prosperous valley between the sea and the hill where the lands breathe the breeze of the Ionian Sea and the scents of the Mediterranean scrub climbing on Murgia. The century-old olive trees that we cultivate and preserve in LE FERRE represent our solid roots, they are the essence of our work and products, always authentic.

LE FERRE is a valuable oil production, only extra virgin, unique in the Italian panorama of quality olive oils, for its original and varied offer. Everything originates in nature: there are many varieties of olives, each one has its own characteristics of shape, colour and flavour; all these things give different peculiarities to the oil.

LE FERRE

BLEND

To create a blend is an art, it requires professionalism and research to put together olive oils from different olives, to find the perfect equilibrium and create unique bouquets.

STIPAMI™

LE FERRE

The “stipo”, in Italian rural tradition, is the closet-pantry -often a wall cupboard- in which goods and precious things were crammed (in Italian, to cram is “stipare”, from this the word “stipo”). Like the preserves prepared with summer vegetables or fruits, so abundant and rich in fragrances and savours at that time of the year.

Preserving, or “cramming”, these goodies to enjoy the whole year round: it’s the cuddle of things made and stored with love and care.

Cram Le Ferre preserves in your pantry and, every time you’ll open a jar, get ready to excite yourself with scents and tastes which are journey and memory of Puglia.
