LE FERRE

THE COMPANY

Le Ferre is an apulian company leader in the production, packaging and marketing of extra virgin olive oils in Italy and worldwide. Dynamism, productive and sensory research, elasticity in process management, characterize our daily work around the product and the customers.

HISTORY

LE FERRE is the name of a district in the countryside of Castellaneta (Taranto, PUGLIA). A prosperous valley between the sea and the hill where the lands breathe the breeze of the Ionian Sea and the scents of the Mediterranean scrub climbing on Murgia. The century-old olive trees that we cultivate and preserve in LE FERRE represent our solid roots, they are the essence of our work and products, always authentic.

LE FERRE is a valuable oil production, only extra virgin, unique in the Italian panorama of quality olive oils, for its original and varied offer. Everything originates in nature: there are many varieties of olives, each one has its own characteristics of shape, colour and flavour; all these things give different peculiarities to the oil.

LE FERRE

BLEND

To create a blend is an art, it requires professionalism and research to put together olive oils from different olives, to find the perfect equilibrium and create unique bouquets.
